## Working together in Slovenia supporting our neighbors

Thank you, BC Slovenia, for supporting those suffering in Ukraine.

We are so happy to be part of supporting the needy in Ukraine people through our Pentecostal church network in Hungary. Thank you so much to Hiša molitve – Zgornja Ložnica and to BCC Ljubljana, our gift enabled Pentecostal church in Hungary to purchase a generator to help a pastor, his family, and their church. Thanks so much to a generous gift from BC Murska Sobota we were able to get food to needy families, wood was purchased for those suffering with no heat and a cold winter, while this gift was also enabled a number of care packages to help those who are very vulnerable.

*Brothers from Pentecostal Church in Hungary unloading generator to a pastor inside Ukraine.*

*Preparing van to help suffering families.*

*Delivery of wood to keep a family warm as they suffer from the war.*

*Daughter of Hungarian missionary prepares a care package.*

*Purchasing candles to help those without power.*

*Care package for needy Ukraine families.*

*Delivering wood to the most vulnerable in this war crises.*

## Montenegro

*Boris and Urša with family*

**Boris & Urša – Podgorica, Montenegro.** Boris and Urša are serving the church in Podgorica together with Pastor Jovica. This is the oldest Evangelical church planted in 1996, so all our support is greatly needed. Boris, Urša and family were able to visit Ljubljana over the Christmas holiday season. It is exciting that they were able to get into Jonathan's studio and are working on Christian songs in their mother tongue.

**Please pray** – we need to help raise a some more income for this couple serving in a difficult place. Urša is a native of Slovenia, perhaps you could afford 10, 20 or 50€ per month? Every faithful gift helps. Pray that we could increase the support, for wisdom and grace as Boris and Urša serve the church, and for favor over this music project.

## Macedonia

**Pastor Sašo & Renata – Kumanovo, Macedonia.** Sašo and the team at the Bible school continue with a new

group of students. They have a unique program where students come to the Bible school where they can sleep and have classes during the week, and then go home on the weekends where they are able to serve in the local church. This new method of training was employed because in the past students had been trained in foreign schools, but many did not return. By connecting with their local church each weekend, they are fully engaged in ministry and learning. **Please pray** – Kumanovo has a high percentage of Muslims, please pray for the effect of the Gospel, for the students in the Bible school, and that we could raise another 100 € per month for salary. Every little regular donation helps.

## Slovenia

**Liljana Kerčmar – Ljutomer and Vesela novica (sharing the Gospel with children in Slovenia).**

Liljana is very active among the children in Prekmurje. The central library in Murska Sobota allows her the use of a larger space once a week, where they have a club for children with a Christian program. Liljana also helps with a Christian club for children in Lendava twice a month. In addition, she is very active in teaching Sunday school to different age groups in the church in Murska Sobota. **Please pray** for new volunteers who will come to help Liljana and that the children, as well as their parents, will be open to the Gospel message.
